General Information

Milestone Advisory Partners, LLC was formed in 2015, and provides financial planning and portfolio management services to its clients. Such services are generally offered through the "Milestone Wrap Program" or the "Program", which has been designed to simplify the payment of management fees and brokerage expenses.

Chip Hasty, John Kober and Mary Zastrow are the sole principal owners of MAP. Teresa White holds a minority interest. Please see ***Brochure Supplement***, Exhibit A, for more information on individuals who formulate investment advice and have direct contact with clients, or have discretionary authority over client accounts.

Portfolio Management Services

As described in the firm's Brochure, Form ADV Part 2A, at the beginning of a client relationship, MAP meets with the client, gathers information, and performs research and analysis as necessary to develop the client's Investment Plan. The Investment Plan will be updated from time to time when requested by the client, or when determined to be necessary or advisable by MAP based on updates to the client's financial or other circumstances.

To implement the client's Investment Plan, MAP will manage the client's investment portfolio on a discretionary basis. As a discretionary investment adviser, MAP will have the authority to supervise and direct the portfolio without prior consultation with the client.

General Fee Information

Fees paid by clients for accounts within the household that participate in the Milestone Wrap Program generally include brokerage expenses (i.e., commissions, ticket charges, etc.) as well as the management fee paid to MAP. Under the all-inclusive billing alternative, MAP will assess one client fee that captures the management, brokerage and administrative portions collectively. Fees are individually negotiated with each client on a household basis, as described in Form ADV Part 2A.

To the extent that any accounts within the household may expect only infrequent trading, such as accounts with legacy positions with low cost basis, such accounts will generally pay brokerage expenses separately to the executing broker. At the time of the engagement, MAP and the client will agree upon any accounts within the household that will be subject to such brokerage expenses. Accordingly, client accounts pay a management fee, plus the cost of transactions in the account. MAP does not receive any of these transaction-based fees.

In any case, fees paid to MAP are exclusive of and distinct from the fees and expenses charged by mutual funds, ETFs (exchange traded funds) or other investment pools to their shareholders (generally including a management fee and fund expenses, as described in each fund's prospectus or offering materials). Clients will pay certain fees in addition to the fees of the Milestone Wrap Program, such as margin interest, check fees, trade-away fees, odd lot differentials and other similar types of fees. Milestone Wrap Program fees which MAP does not pay to third parties in connection with transaction and execution expenses are retained by MAP. Because of this, MAP may have a disincentive to trade securities in the accounts of clients in the Program.

The client should review all fees charged by funds, MAP and others to fully understand the total amount of fees paid by the client for investment and financial-related services. Clients participating in the Milestone Wrap Program may pay higher or lower fees than clients purchasing such services separately, depending on the cost of services if provided separately and the level of trading in a particular client's account.
